Tom Cruise is the voice of DC Comics' supervillain Solomon Grundy, who first appeared in comic book form in 1941 as one-shot character Grundy's Diary. Among Grundy's characteristics are that his head is shaped like a parrot's, he has a bird's voice, and he writes his name in a heart-shaped box in the middle of his forehead. The "diary" is his diary which he writes in the style of a parrot, and he keeps this diary because he is possessed by the spirit of "the Devilbird," a talking parrot. While Grundy has no apparent human emotions, he has a cruel and devious nature and is capable of doing harm to others. Grundy is a big fan of alcohol and has shown a "parrot-themed" temperament when drunk. In "Showdown" he is convinced that he is God and that the world revolves around him. Solomon Grundy is the most famous villain in comics, at least according to many fans. While Grundy claims to be a good guy, the only thing he really seems to care about is money. His motives for crimes are often quite simple: to get money. The character is widely recognized for being the first supervillain to receive the moniker of "supervillain." He is a spoof on the cliché comic-book character Doctor Sivana, one of the rare examples of a villain who actually knows how to be a villain and is proud of it. In his first appearance, Grundy breaks into the Batman home and steals Batman's favorite weapon, the Batsuit. He then travels to Gotham City and tries to put on the Batsuit for his own benefit, only to find that it doesn't fit. Grundy, who is far weaker than Batman, is stopped by the hero, who sees through Grundy's disguise and takes him to the police. The force-fit uniform does fit Grundy, but only enough to give him a headache. After that, he encounters a larger problem: he cannot remove the costume. Grundy is taken to Arkham Asylum, where he is examined by Dr. Hugo Strange, who identifies Grundy as not being insane but as being "cursed." The curse seems to prevent Grundy from using human strength. He appears to be unable to lift the Batsuit, and can only throw it. However, when he goes berserk, he
